Subject Index to Volume 19

Abattoir workers, mycobacterium bovis as an occupational hazard in (Letter), 409
Absent radii (TAR) syndrome, clinical manifestations of the thrombocytopenia and, 479
Acinetobacter pneumonia, community-acquired, 259
Acromegaly, inferior petrosal sinus sampling in, 244
Acromegaly, long-term effects of megavoltage radiotherapy in, 202
Acute lymphoblastic leukemia, in Chinese adults in Hong Kong, 37
Africans, chloroquine abuse and heart block in, 17
Age and dietary fat, influence of, in an animal model of sudden cardiac death, 1
AIDS, histoplasmosis in, 707
Alcohol users, moderate, left ventricular volumes in: A study from the workplace, 449
Alveolitis syndrome, an extrinsic allergic, *Leucogyrophana pinastri*, a wood decay fungus as a probable cause of, 127
Amiodarone therapy, acute necrotising myopathy associated with, 483
Amyloidosis, bronchopulmonary - multiple tissue involvement and long follow-up, 463
Amyloidosis, giant cell arteritis and (Letter), 185
Anemia, glomerulonephritis and pulmonary hemorrhage associated with *Campylobacter jejuni* infection, 721
Anticoagulants, role of in cardiogenic brain embolism, 500
Apolipoprotein-AI gene in Australian patients with coronary artery disease, assessment of a PstI polymorphism of the, 677
Arterial spasm, angiographically demonstrated, in a case of benign sexual headache and benign exertional headache, 466
Arteriovenous malformation, intracranial, and palatal myoclonus related to pseudoxanthoma elasticum, 141
Arteritis, giant cell, and amyloidosis (Letter), 185
Arthritis, inflammatory, cytopenias induced by Methotrexate in (Letter), 747
Arthritis, seronegative, associated with serological evidence of yersinia infection in Australia, 331
Arthur Mills Memorial Oration, 28th, 673
Aspiration biopsy of palpable lymph nodes and the diagnosis of lung carcinoma, 241
Asthma, platelet count and activation, 327
Asthmatics with previous respiratory failure, ventilatory responses to hypoxia and hypercapnia in, 426
Ataxia, paroxysmal cerebellar, 113
Atrial fibrillation and mortality in an elderly population, 321
Australian National Liver Transplantation Unit, decision-making in 100 patients referred to, 132
Autoantibodies, anti-neural, and neurological paraneoplastic syndromes, 379
Azlocillin plus amikacin versus ceftazifime, a randomized trial of empirical antibiotic therapy in febrile neutropenic patients with hematological disorders, 417

Barrter's syndrome, hypokalemia with nephrocalcinosis: a variant of, 58
Biopsy, aspiration, of palpable lymph nodes and the diagnosis of lung carcinoma, 241
Blood loss, gastrointestinal, frmo a new buffered aspirin (Ostoprin), 89
Bone-marrow transplantation, infectious diarrhea in children undergoing, 31
Bronchoalveolar lavage, the role of, in the assessment of diffuse lung diseases, 281

Campylobacter jejuni infection, glomerulonephritis, pulmonary hemorrhage and anemia associated with, 721
Cancer, human, P-glycoprotein expression and multidrug resistance in, 736
Carcinoma, advanced squamous cell, of head and neck, treatment of, with cisplatin and 5-fluorouracil, 83
Carcinoma, advanced squamous cell, treatment of (Letter), 745
Carcinoma, squamous cell, and hypercalcemia complicating chronic osteomyelitis, 358
Cardiac care, acute, atrial pacing and transesophageal electrocardiography in, 11
Cardiac death, sudden, the influence of age and dietary fat in an animal model of, 1
Cardiomyopathy, hypoxic: acute myocardial dysfunction after severe hypoxia, 488
Cardiovascular standards, an appraisal of, for Australian civilian flying licences, 76
Catheter ablation, transvenous, of the atrioventricular junction for refractory supraventricular tachycardia, long term efficacy of, 431
Ceftazifime versus azlocillin plus amikacin, a randomized trial of empirical antibiotic therapy in febrile neutropenic patients with hematological disorders, 417
Cerebral blood flow measurements, regional, in the diagnosis of dementia, 436
Cerebral dysfunction with evidence of cerebral HIV infection amongst asymptomatic HIV seropositive subjects, 694
Cervical cord lesion, progressive, lymphomatoid granulomatosis presenting as a, 144
Chemotherapy, initial, followed by surgery in malignant thymoma, 362
Chinese adults in Honk Kong, acute lymphoblastic leukemia in, 37
Chloroquine abuse and heart block in Africans, 17
Chorea, hypercalcemia and hyperamylasemia - acute lithium toxicity, 718
Cisplatin and 5-fluorouracil, treatment of advanced squamous cell carcinoma of head and neck with, 83
Colchicine therapy for idiopathic thrombocytopenic purpura (Letter), 412
Connective tissue disease mimicking multiple sclerosis, 469
Coronary artery bypass surgery, coronary risk factor outcomes following, 234
Coronary artery disease, assessment of a PstI polymorphism of the apolipoprotein-AI gene in Australian patients with, 677
Coronary artery vasculitis and myocardial infarction associated with antiphospholipid antibodies in a pregnant woman, 347
Coronary occlusion, thrombolysis in, 85

Cyclophosphamide therapy for chronic lymphocytic leukemia, cutaneous vasculitis due to, 55
Cyclosporin A in the treatment of childhood glomerulonephritis, 198
Cyclosporin A therapy, malignant lymphoma in a renal transplant patient on, 154
Cyclosporin–ketoconazole interaction in an elderly renal transplant patient, 292
Cytopenias induced by Methotrexate in inflammatory arthritis (Letter), 747

Danazol and hepatic neoplasia, 733
Decision making in liver transplantation, 132
Dementia, regional cerebral blood flow measurements in the diagnosis of, 436
Diarrhea, infectious, in children undergoing bone–marrow transplantation, 31
Diffuse large cell lymphoma, 159

Echocardiographic flow imaging, two–dimensional Doppler – exploration of clinical impact and problems, 207
Echocardiography, two dimensional, and left ventriculography in cardiac sarcoidosis, 724
Electrocardiography, transesophageal, and atrial pacing in acute cardiac care: diagnostic and therapeutic value, 11
Embolism, cardiogenic brain: role of anticoagulants, 500
Embolism, pulmonary, following placement of a Greenfield Filter (Letter), 511
Endocrine dysfunction in lymphomatoid granulomatosis, 97
Endothelium, vascular, the endogenous nitrovasodilator produces by the, 493
Erythrocyte sodium–potassium pump in thyrotoxic periodic paralysis, 6
Erythropoietin, recombinant human, enters the pharmacopeia, 279

Factor V, platelet associated, bleeding due to an acquired inhibitor of, 310
Fansimef in the treatment of malaria (Letter), 411
Fat, dietary, influence of age and, in an animal model of sudden cardiac death, 1
Febrile neutopenic patients with hematological disorders, a randomised trial of empirical antibiotic therapy in, 417
5–fluorouracil, treatment of advanced squamous cell carcinoma of head and neck with cisplatin and, 83
Flow imaging, two–dimensional Doppler echocardiographic – exploration of clinical impact and problems, 207

Gastric antrum, non *Campylobacter pylori* spiral organisms in the, 156
Gliclazide, long term administration, the effects of, on insulin secretion and insulin sensitivity, 44
Glomerulonephritis, childhood, cyclosporin A in the treatment of, 198
Glomerulonephritis, fibrillary – a report of two cases, 250
Glomerulonephritis, pulmonary hemorrhage and anemia associated with *Campylobacter jejuni* infection, 721
Glomerulosclerosis, focal, proteinuria, glomerulomegaly and, in a grossly obese man with obstructive sleep apnea syndrome, 473
Gonadotrophin releasing hormone therapy, restoration of spermatogenesis with pulsatile, in hypogonadotrophic hypogonadism of traumatic etiology, 354
Greenfield Filter, pulmonary embolism following placement of a (Letter), 511

Guillain–Barré Syndrome and related conditions in Victorian teaching hospitals 1980–84, 687
Headache, benign sexual and exertional, angiographically demonstrated arterial spasm in a case of, 466
Heart block and chloroquine abuse in Africans, 17
Heart disease, carcinoid, left heart involvement with cardiac shunt complicating, 716
Hemidystonia, late–onset post–hemiplegic: CT and angiographic findings, 147
Hemodialysis patients, home, nutritional status of, 303
Hemolysis, immune, after an ABO mismatched renal transplant, 345
Hemorrhage, pulmonary, glomerulonephritis and anemia associated with *Campylobacter jejuni* infection, 721
Hepatic involvement in listeriosis, 486
Histamine challenge, the effect of, on platelet count and activation, 327
Histoplasmosis in AIDS, 707
HIV infection, cerebral, cerebral dysfunction with, amongst asymptomatic HIV seropositive subjects, 694
HIV infection, early and 'latent', the neurological features of, 700
HIV infection. low prevalence of, in drug users in Western Sydney, 407
HIV–related thrombocytopenia, zidovudine therapy in (Letter), 514
Hyperamylaseima, chorea and hypercalcemia – acute lithium toxicity, 718
Hypercalcemia and lipoid pneumonia, 713
Hypercalcemia and squamous cell carcinoma complicating chronic osteomyelitis, 358
Hypercalcemia, chorea and hyperamylasemia – acute lithium toxicity, 718
Hypercalcemia, malignancy–associated, treatment of, with norethisterone: a case report, 51
Hypercholesterolemia, Simvastatin (MK 733): an effective treatment for, 317
Hypertension clinic, death of the, 415
Hypertension, portal, pathophysiology of, and implications for its pharmacological control, 172
Hyperviscosity Syndrome secondary to rheumatoid arthritis, 710
Hypogonadotrophic hypogonadism of traumatic etiology, restoration of spermatogenesis with pulsatile gonadotrophin releasing hormone therapy in, 354
Hypokalemia with nephrocalcinosis: a variant of Barrter's syndrome, 58
Hypoparathyroidism, familial, due to an abnormal parathyroid hormone molecule, 22
Hypoxia and hypercapnia in asthmatics with previous respiratory failure, ventilatory responses to, 426
Hypoxia, severe, acute myocardial dysfunction after, hypoxic cardiomyopathy, 488

Immune complexes and normal complement levels, the metabolism of C3 and C4 in patients with, 118
Immunoglobulin infusion, fall in the neutrophil count during (Letter), 515
Immunology, Australian: another perspective (Letter), 183
Impotence, treatment of, by intrapenile injections of papaverine and phenoxybenzamine, 108
Infarction, posterior circulation, magnetic resonance imaging in, 219
Insulin secretion and sensitivity, the effects of long term gliclazide administration on, 44
Iodothyronine autoantibodies in two sisters (Letter), 512

Ketoconazole–cyclosporin interaction in an elderly renal transplant patient, 292

Lead arsenate poisoning, acute, 730
Leucogyrophana pinastri, a wood decay fungus as a probable cause of an extrinsic allergic alveolitis syndrome, 127
Leukemia, acute lymphoblastic, in Chinese adults in Hong Kong, 37
Leukemia, chronic lymphocytic, cutaneous vasculitis due to cyclophosphamide therapy for, 55
Leukemia, chronic myeloid, detection of rearrangement within the breakpoint cluster region of chromosome 22 in the diagnosis of, 443
Liquorice, ingestion of, during Ramadan, severe hypokalemic rhabdomyolysis due to, 365
Listeriosis, hepatic involvement in, 486
Lithium toxicity, acute – chorea, hypercalcemia and hyperamylasemia, 718
Liver transplantation, decision making in, 132
Liver transplantation: an update for physicians, 369
Lung carcinoma, aspiration biopsy of palpable lymph nodes and the diagnosis of, 241
Lung diseases, diffuse, the role of bronchoalveolar lavage in the assessment of, 281
Lupus erythematosus, systemic, and pregnancy, 261
Lymph nodes, palpable, aspiration biopsy of, and the diagnosis of lung carcinoma, 241
Lymphocytic leukemia, chronic, cutaneous vasculitis due to cyclophosphamide therapy for, 55
Lymphoma, diffuse large cell, 159
Lymphoma, localised diffuse histiocytic (Letter), 748
Lymphoma, malignant, in a renal transplant patient on cyclosporin A therapy, 154
Lymphoma, primary cerebral: presentation of eight cases and review of the literature, 682
Lymphomatoid granulomatosis presenting as a progressive cervical cord lesion, 144
Lymphomatoid granulomatosis, endocrine dysfunction in, 97

Magnetic resonance imaging in posterior circulation infarction: impact on diagnosis and management, 219
Malaria, Fansimef in the treatment of (Letter), 411
Medical research in Australia, relatively few clinicians in (Letter), 513
Medical specialty, research in choice of: a review of the literature 1977–87, 389
Metabolism of C3 and C4 in patients with immune complexes and normal complement levels, 118
Methotrexate in rheumatoid arthritis (Letter), 510
Methotrexate, cytopenias induced by, in inflammatory arthritis (Letter), 747
Mortality and atrial fibrillation in an elderly population, 321
Multiple sclerosis, connective tissue disease mimicking, 469
Myasthenia, ocular, massive benign thymoma presenting as, 257
Mycobacterium bovis as an occupational hazard in abattoir workers (Letter), 409
Myeloma, multiple, serum thymidine kinase as a marker of disease activity in patients with, 226
Myelopathy of unknown origin in Malaysia, prognosis of patients who present with an episode of, 297
Myocardial infarction and coronary artery vasculitis associated with antiphospholipid antibodies in a pregnant woman, 347
Myocardial infarction, hemorrhagic, complicated by free wall-rupture, 138
Myopathy, acute necrotising, associated with amiodarone therapy, 483

Neoplasia, hepatic, and Denazol, 733
Nephrocalcinosis, hypokalemia with: a variant of Barrter's syndrome, 58
Neutrophil count, fall in the, during immunoglobulin infusion (Letter), 515
Nitrovasodilator, the endogenous, produced by the vascular endothelium, 493
Nocardiosis, cerebral – clinical and pathological findings in three patients, 475
Non *Campylobacter pylori* spiral organisms in the gastric antrum, 156
Norethisterone, treatment of malignancy–associated hypercalcemia with: a case report, 51

Osteomyelitis, chronic, hypercalcemia and squamous cell carcinoma complicating, 358
Osteoporosis, risk factors for, 69
Ostoprin, gastrointestinal blood loss from, 89

P–Glycoprotein expression in human cancer, multidrug resistance and, 736
Pacing, atrial, and transesophageal electrocardiography in acute cardiac care: diagnostic and therapeutic value, 11
Palatal myoclonus, an intracranial arteriovenous malformation and, related to pseudoxanthoma elasticum, 141
Papaverine and phenoxybenzamine, treatment of impotence by intrapenile injections of, 108
Paraneoplastic syndromes, neurological, anti–neural autoantibodies and, 379
Paraganglioma, malignant, causing bilateral pleural effusions, 61
Parathyroid hormone molecule, abnormal, familial hypoparathyroidism due to, 22
Pericarditis associated with tick–borne Q fever, 254
Petrosal sinus sampling, inferior, in acromegaly, 244
Phenoxybenzamine and papaverine, treatment of impotence by intrapenile injections of, 108
Platelet aggregating activity in the plasma of patients with established thrombosis, 126
Platelet associated Factor V, bleeding due to an acquired inhibitor of, 310
Platelet count and activation, the effect of histamine challenge on, 327
Pleural effusions, bilateral, malignant paraganglioma causing, 61
Pneumonia, lipoid and hypercalcemia, 713
Pregnancy, systemic lupus erythematosus and, 261
Pregnancy, thrombocytopenia of, very high dose intravenous gammaglobulin in, 151
Proteinuria, glomerulomegaly and focal glomerulosclerosis in a grossly obese man with obstructive sleep apnea syndrome, 473
Pseudoxanthoma elasticum, an intracranial arteriovenous malformation and palatal myoclonus related to, 141
PstI polymorphism of the apolipoprotein–AI gene in Australian patients with coronary artery disease, assessment of a, 677

Q fever, tick–borne, pericarditis associated with, 254

Radiotherapy, megavoltage, in acromegaly, long–term effects of, 202
Rehabilitation for stroke survivors – a review, 400

Renal transplant patient on cyclosporin A therapy, malignant lymphoma in a, 154
Renal transplant, ABO mismatched, immune hemolysis after an, 345
Research, clinical and biological, sample size for, 64
Rhabdomyolysis, severe hypokalemic, due to ingestion of liquorice during Ramadan, 365
Rheumatoid arthritis, Hyperviscosity Syndrome secondary to, 710
Rheumatoid arthritis, methotrexate in (Letter), 510
Rhodococcus equi: an emerging opportunistic pathogen?, 103

Salt overload, sardine sandwich (Letter), 745
Sarcoidosis, cardiac, two dimensional echocardiography and left ventriculography in, 724
Sclerotherapy, endoscopic, for esophago–gastric varices, 162
Serum thymidine kinase as a marker of disease activity in patients with multiple myeloma, 226
Shunt, cardiac, left heart involvement with, complicating heart disease, 716
Simvastatin (MK 733): an effective treatment for hypercholesterolemia, 317
Sinus tumour, paranasal, allergic fungal sinusitis presenting as, 351
Sinusitis, allergic fungal, presenting as a paranasal sinus tumour, 351
Sleep apnea syndrome, obstructive, proteinuria, glomerulomegaly and focal glomerulosclerosis in a grossly obese man with, 473
Spiral organisms, non *Campylobacter pylori*, in the gastric antrium, 156
Stenosis, severe aortic, early and late results of balloon valvuloplasty for, 454
Streptococcus pyogenes pneumonia with abscess formation, 248
Stroke survivors, rehabilitation for – a review, 400
Strongyloidiasis, chronic, in Tasmanian veterans, 458
Survival, a clinical model for predicting (Letter), 187

Tachycardia, refractory supraventricular, long term efficacy of transvenous catheter ablation of the atrioventricular junction for, 431
TAR syndrome, clinical manifestations of the thrombocytopenia and, 479
Thrombocytopenia of pregnancy, very high dose intravenous gammaglobulin in, 151
Thrombocytopenia, clinical manifestations of the, and absent radii (TAR) syndrome, 479
Thrombocytopenia, HIV–related, zidovudine therapy in (Letter), 514
Thrombocytopenic purpura, idiopathic, colchicine therapy for (Letter), 412
Thrombolysis in coronary occlusion, 85
Thrombolytic therapy, intravenous, hemorrhagic myocardial infarction complicated by free wall–rupture, following, 138
Thrombosis, established, platelet aggregating activity in the plasma of patients with, 126
Thymidine kinase, serum, as a marker of disease activity in patients with multiple myeloma, 226
Thymoma, malignant, initial chemotherapy followed by surgery in, 362
Thymoma, massive benign, presenting as ocular myasthenia, 257
Thyrotoxic periodic paralysis, erythrocyte sodium–potassium pump in, 6
Transplantation, bone–marrow, infectious diarrhea in children undergoing, 31

Valvuloplasty, balloon, early and late results of, for severe aortic stenosis, 454
Varices, esophago–gastric, endoscopic sclerotherapy for, 162
Vasculitis, coronary artery, and myocardial infarction associated with antiphospholipid antibodies in a pregnant woman, 347
Vasculitis, cutaneous, due to cyclophosphamide therapy for chronic lymphocytic leukemia, 55
Ventriculography, left, and two dimensional echocardiography in cardiac sarcoidosis, 724

Warfarin, prospective evaluation of a flexible protocol for starting treatment with, and predicting its maintenance dose, 191

Yersinia infection in Australia, seronegative arthritis associated with serological evidence of, 331

Zidovudine therapy in HIV–related thrombocytopenia (Letter), 514

Proceedings of Meetings of Special Societies are indexed by author only.
